# LEAD LEARN CONNECT

## T.R.A.I.L. Program YMCA CAMP SHADY BROOK

The overall goal of the T.R.A.I.L. program is to familiarize participants with their full potential. Through intentionally designed programming these teens will be challenged both as individuals and as a team. Every activity will empower each person to develop leadership skills, push themselves to accomplish goals, as well as being given opportunities to serve as a leader to their group. Activities will include: backpacking, rock climbing, orienteering, survival skills, and more!
