### Receipt survey helps commissaries better serve patrons

Commissary shoppers worldwide can easily share their opinions more often as the Defense Commissary Agency rolls out "ForeSee," a customer experience survey tool.

On July 21, ForeSee replaces the SurveyMonkey receipt survey at all commissaries. This follows a month-long test that began with a soft roll out at the Fort Lee, Virginia, and Fort Meade, Maryland, stores, and ended with 35 stores implementing the survey.

Through ForeSee, DeCA will access more frequent customer feedback and promptly identify areas to improve the shopping experience, said retired Rear Adm. Robert J. Bianchi, DOD special assistant for commissary operations. Read the [full story here](#).
